Do’s and Don’ts

Big Head Cutouts

Do’s

- Ensure the subject is well-centred in the image and facing forward.
- Use a light, clean background where possible.
- Provide high-resolution, clear images with good lighting.
- Make sure the subject’s head and shoulders are fully visible and unobstructed.

Don’ts

- Avoid low-resolution images or photos with heavy shadows.
- Do not send screenshots or social media downloads.
- Avoid blurry or low-light photos.
- Avoid large hats.
- Avoid intricate headpieces that would require a complex cutline.
